

Long Island Library Resources Council Presents:

# Book Repair Workshop

Friday, November 3, 2017

The Merrick Library

9:30am-12:30pm

This workshop is designed to demonstrate quick and easy techniques for extending shelf life on general circulating materials. Prevention is the key, but we will be addressing specific, common repairs: tipping in loose pages, broken spines, torn header caps, ripped and torn pages.

**Each participant is asked to bring:** two paperback books, preferably new or new-like, to demonstrate covering techniques, a hardbound book with a book jacket to demonstrate application of book jacket covers, a stapled book or magazine, a book that needs to have a loose page tipped in and one hardbound book that needs repair. Please also bring a pair of scissors.

Each participant will be provided with a **free sample** packet of materials.

**Presented by:** Kary Barth, Regional Sales Manager, Kapco Library Products

Kary has a Bachelor of Science degree from the University of Illinois, Urbana and has worked with libraries since 1990. Formerly, the national library sales manager for Kapco, Kary authored a basic book repair guide that was previously available from Kapco and has presented book protection/repair workshops in various venues throughout the US.

*Registration is limited to 25 participants.*
